

What's New with GSC?

The 3 camps we formally support have all recently moved. Here are their new locations and some of their immediate needs and concerns:

Tent City 3 (TC3)

[University Congregational United Church of Christ](#)

4515 16th Ave NE, Seattle, WA 98105

- ✓ TC3 is in need of tents, batteries, protein based foods and general beverages.

Camp Unity Eastside

[Blessed Theresa of Calcutta Catholic Church](#)

17856 NE Woodinville Duvall Rd, Woodinville, WA 98077

- ✓ CUE's current location does not have power so they are in need of propane.

Camp United We Stand (CUWS)

[Haller Lake UMC](#)

13005 1st Ave NE Seattle WA 98125

- ✓ UWS is requesting beverages of all types. We will be bringing them some bowls and cups this week.

While these are the camps we formally support we also entertain requests from other encampments.

Funding

Our board has submitted grant requests and hopes to hear back on these soon. We have submitted a grant request to the Fales Foundation to fund replacing tents in TC3, CUE, and UWS. We have also submitted a grant proposal to the Episcopal Diocese of Olympia, and we are planning a big push for donations through the Seattle Foundation's "Give Big" campaign.

MTI Van

The van visited TC3 in both January and February, and our next visit is planned for May 14th.

Communication

Don't forget to [check out our blogs](#).

Other Topics of Interest

[We need Facebook support](#). If you have not already send us a friend request and please like and share our posts.

Here are some ideas the board is considering. These are just thoughts for now, but let us know if any of these items is of particular interest to you. These are just ideas for now.

- Building a storage shed so we can hold more donations
- Helping facilitate micro loans for campers who have ideas for their own businesses
- Crowd Funding to support a defined initiative. We sure would love to update or replace the TC3 shower trailer.

If you would like more detail on any of these topics please contact Info@GreaterSeattleCares.org and we will respond.

Thank you all, and thank you for caring about the camps. 😊
